As you may recall, RenWeb was recently purchased by FACTS SIS (Student Information System). While both names are being used interchangeably at this time, all references to our student information system will become FACTS beginning this fall. **With this change we're excited to announce a substantial update to ParentsWeb!** Now you can access ParentsWeb features and functions from the device of your choice including your desktop, laptop, tablet, or cell phone. Just go to www.factsmgmt.com. Choose Parent Login and you're good to go. The first time you sign in from your browser, you will need to fill in the district code (cca-il - not case sensitive). If you choose to use our website to login to ParentsWeb, our district code will already be filled in. In other words, this update means you no longer have to purchase or use the RenWeb Home app!
