

WHAT TO EXPECT IN SECOND GRADE

BIBLE Standard Publishing Biblical Choices

The Bible is the standard of absolute truth and the ultimate authority for all of life. Biblical instruction challenges students to come to know the God of the Bible, so that they develop a worldview centered on the gospel of Christ enabling them to live lives pleasing to Him.

Weekly study and memory verses will cover the following:

Life of Moses	Lessons from the Life of Christ:
Exodus from Egypt	Servanthood
Ten Commandments	Forgiveness
Entering the Promised Land	Worship
	Obedience
	Unity

Additional Memory Work includes the Ten Commandments and the Lord's Prayer

MATH Saxon Math 3

Mathematics is the language of God's precise and deliberate design. The study of mathematics enables students to understand and articulate the logic and patterns of God's created order, and reveals that He is a God of detail and purpose.

Daily lessons and investigations are carefully sequenced to incrementally develop a spectrum of skills and concepts.

Concepts include:		
Number Sense and Numeration	Number Lines	Temperature
Counting	Whole Number Operations/Computation	Linear Measure
Sets	Addition	Weight and Mass
Reading and Writing Numbers	Subtraction	Capacity (Volume)
Ordering Whole Numbers	Multiplication	Area and Perimeter
Rounding, Estimating, and Comparing	Division	Spatial Relationships
Place Value	Fractions and Decimals	Geometric Shapes
Factors and Multiples	Money	Transformations
Prime and Composite Numbers	Calendar and Time	Symmetry
	Patterns and Sequences	Algebraic Reasoning

SCIENCE Scott Foresman Science 3

Science is the study of the natural world as spoken into existence by a creative God. Students study science in order to increase in knowledge of the Creator by means of exploring His design and purpose. This knowledge will prepare them to subdue and steward the physical world for the glory of God and the good of mankind.

Life Science:	Earth Science:	Physical Science:
Plants	Water Cycle	Simple Machines
Ecosystems	Weather/Erosion	Force and Motion
Natural Resources	Minerals and Rocks	Matter
Recycling	Solar System	Energy

HISTORY Bob Jones Heritage Studies 2

History is the unfolding story of God's story as He reveals Himself to man. Christians are called to remember and make known God's story to each generation in order to know Him, become ambassadors of reconciliation, and to participate in the biblical meta-narrative. Therefore, students examine the history, culture, government, geography, and economics of the world and our nation in order to equip them to impact culture as they participate in His story.

Units include:

Communities
Government Leadership
Exploration of the New World
Native American Indians
Colonization
Colony Life
French and Indian War
Birth of a Nation

LANGUAGE ARTS Abeka Language

Language is God's gift to man in order to establish a relationship with Him and to live in community with one another. As a foundation to all other learning, the language arts are essential for thinking and communicating effectively, comprehending oral and written material, and developing a love for God's Word and other literature.

Grammar:

Sentences
Capitalization
Punctuation
Parts of Speech

The Writing Process:

Sentences
Paragraphs

Orthography:

Word Study
Vocabulary Building

Reading:

Novel units (fluency, comprehension, literary components)
Read and Comprehension drills

Teachers may read aloud:

Treasures in the Snow by Patricia St. John
Jonathon's Journey by Katherine Bell
Pilgrim's Progress by John Bunyan

SPECIALS

Chapel:

Lower School Chapel is held Mondays at 8:30 in the CCA Gym.
Combined Chapel is held the last Monday of the month at 9:20 in the CCA Gym.

Special Classes:

Minds in Motion (daily)
Physical Education (three times per week)
Music (two times per week)
Spanish (two times per week)
Technology (one time per week)
Art (one time per week)
Library (one time per week)

Special Projects:

Fall Program
Colonial Days

Field Trip:

Sugar Grove Nature Center

Jerusalem Project:

Bloomington Rehabilitation Center
